Subject: Draft EIS

EIS000036

RECEIVED

SEP 23 1999

---

1... Hi Wendy..... [Congratulations on the Draft EIS. I have read the Summary  
and now will start out on the "big book".]

...1 I never thought I would ever see this.. [Looks very good so far.] Even a  
dumb mining engineer can understand the summary.

Talk to you later. Best wishes and keep up the good work.
